Mission

To our clients

We are committed to further your interests: by delivering work product of the highest quality; on time, every time; consistent with high ethical standards; at a reasonable cost; always delivering value.

To our professional colleagues

As our learned friends, we offer courteous and straight dealing.

To our counter parties

Respectful of your legitimate rights, we will not make unreasonable demands while working for the best results for our clients. In a hostile situation, may the best man win and we will work to ensure that the best case for our client is put forward.

Vision

In the 21st century, time is at a premium; competence is said to be a commodity; and loyalty is for sale. We accept none of that.

Organisations and systems make time manageable. Excellence is rare, it cannot be equated with competence.

We have seen the legal profession grow and change with growth. We believe that growth cannot be at the cost of excellence. To the contrary, growth must foster excellence. We will not be part of any system where values or quality may be impaired in the rush to get the deal done.

We have come together based on immutable principles of truth, ethics, and excellence.

We will not compromise.

Growth will be driven by these principles. We will select the right people, groom them, invest in them. We will not just invest money. We will invest our time and our commitment. Some will fall by the way, as they must, but a few will make the grade. Those who share our values and our vision will be partners. They will be lawyers who will succeed in any jurisdiction.

Within ourselves, we have the capabilities of a full-service law firm. We will grow our capabilities to better serve our clients.

We are proud of every member of our Firm, be they professionals, fee earners, or support staff. Each is a flag bearer. We are committed to going forward and each constituent of our Firm is proud to belong to the law firm that delivers excellent value to its clients and enriches the profession.
