# Mission

## **To our clients**

We are committed to further your interests: by delivering work product of the highest quality; on time, every time; consistent with high ethical standards; at a reasonable cost; always delivering value.

## **To our professional colleagues**

As our learned friends, we offer courteous and straight dealing.

## **To our counter parties**

Respectful of your legitimate rights, we will not make unreasonable demands while working for the best results for our clients. In a hostile situation, may the best man win and we will work to ensure that the best case for our client is put forward.

# Vision

In the 21st century, time is at a premium; competence is said to be a commodity; and loyalty is for sale. We accept none of that.

Organisations and systems make time manageable. Excellence is rare, it cannot be equated with competence.

We have seen the legal profession grow and change with growth. We believe that growth cannot be at the cost of excellence. To the contrary, growth must foster excellence. We will not be part of any system where values or quality may be impaired in the rush to get the deal done.

We have come together based on immutable principles of truth, ethics, and excellence.

We will not compromise.

Growth will be driven by these principles. We will select the right people, groom them, invest in them. We will not just invest money. We will invest our time and our commitment. Some will fall by the way, as they must, but a few will make the grade. Those who share our values and our vision will be partners. They will be lawyers who will succeed in any jurisdiction.

Within ourselves, we have the capabilities of a full-service law firm. We will grow our capabilities to better serve our clients.

We are proud of every member of our Firm, be they professionals, fee earners, or support staff. Each is a flag bearer. We are committed to going forward and each constituent of our Firm is proud to belong to the law firm that delivers excellent value to its clients and enriches the profession.

# The Dispute Resolution Practice

Our Dispute Resolution Practice group is exceptionally strong and is reputed for its superior client service, strategic insights, and a formidable presence in proceedings. We are nimble in our advocacy, innovative in our approach, and uncompromising in achieving the solution which best suits our clients.

We advise and represent on all aspects of corporate and commercial law, including contracts, competition and trade practices issues, information technology and communications, media, employment, administrative law, directors' duties, shareholder claims, class actions, taxation, and other disputes. Accountability, integrity, and transparency are principles that guide us in our dealings within the Firm, our clients, and with dispute resolution bodies.

With over five decades of litigation experience across its Partners, the Firm is considered among the best in the country. Each Partner has a proven track record of handling complex commercial transactions or disputes and each member of the larger team has significant experience in providing powerful representation before courts and tribunals across the country.

Our ability to understand and respond to charges levied in the context of commercial transactions is unparalleled and we successfully leverage transaction and sector-specific skill set across the Firm to defend our clients. We are one of the only law firms that actively engages with mandates relating to economic offences as well as offences against the person and property with minimal reliance on outside counsels. The Partners, senior associates, and associates are well recognised before the courts of law and put the best case forward.

Our engagement with clients often commences while the investigation is progressing and prior to a charge sheet being filed. We help clients provide complete information to investigators and preclude a charge being framed. Should prosecution nonetheless progress, our clients' defence progresses on a robust foundation.

With offices in Mumbai, New Delhi, and Bengaluru, the Firm has represented clients in over 30 different courts, including the Supreme Court of India and High Courts across the country, as also various specialist tribunals such as the Competition Commission of India, National Company Law Tribunal and Appellate Tribunal, Telecom Disputes Settlement and Appellate Tribunal, the National Green Tribunal, the Intellectual Property Appellate Board, the Appellate Tribunal for Electricity, and the National Consumer Disputes Redressal Commission. The Firm also has vast experience in handling domestic and international arbitrations.
